

2019–2022 Strategic Plan

- » **Our vision** is to achieve a community free of sexual trauma.
- » **Our purpose** is to facilitate healing and lift the veil of secrecy surrounding sexual assault in Tasmania by providing counselling and crisis support, advocacy, training and education services.

Key Action	Engagement	Visibility	Sustainability	Prevention
Objectives	Maximise positive outcomes through working with SASS.	Increase awareness, reputation and connection with SASS.	Grow SASS as a healthy organisation with strong structures to support learning and growth.	Equip more people to create change through education, training and advocacy.
Outcomes	<i>Clients</i>			
	Clients affected by sexual trauma have access to effective and timely services.	People know where and how to access information and services when needed.	Services are responsive, ethical and meet client needs.	Differentiated Information and education services are provided.
	<i>Community</i>			
	Local communities are empowered to respond to place-based issues and concerns.	SASS is a regular feature at community events and promotional campaigns.	Opportunities within communities are recognized as providing mutual benefit.	The community has knowledge and understanding of sexual violence and strategies for healthy intimate relationships.
	<i>Government</i>			
	SASS is the go to organisation to develop responses to individual and community issues.	SASS is accessed for its authoritative expertise and advice.	SASS is recognised as the leading organisation for knowledge and evidence to inform decision making.	SASS is sought as a partner to achieve change and address unmet and emerging needs.
<i>Our people</i>				
Staff work together to achieve goals and build relationships.	Staff have the skills and access to the systems to measure and report on performance data.	Staff are supported to grow and deliver quality services.	Staff are understood and recognised in relation to their health, well-being and safety.
